PROFESSIONAL SUMMARY

Civil Site Engineer with hands-on experience in site execution, drawing analysis, quantity surveying, and quality control. Focused on disciplined execution—ensuring columns, beams, and concrete pours align strictly with structural drawings, BOQs, and safety standards. Skilled in managing vendors, subcontractors, and operating DGPS surveying equipment.

WORK EXPERIENCE

Site Engineer | AK Constructions

PRESENT

Telangana, India

- Execute daily on-site construction activities strictly according to approved architectural and structural drawings.
- Coordinate with subcontractors, material vendors, and site labor to achieve daily targets.
- Enforce site quality and safety standards (PPE enforcement, quality checklists) at every stage of construction.

Site Engineer | RKGS Construction India LLP

8 MONTHS

Telangana, India

- Analyzed structural plans and drawings to plan and execute ground-level construction activities.
- Prepared material requirement lists and tracked procurement and reconciliation as per BOQ.
- Utilized DGPS and electronic surveying equipment for accurate site measurements and layout setting.
- Maintained daily and monthly progress reports for the project engineering team.

TECHNICAL SKILLS

Field & Execution: Drawing Analysis, BOQ Reconciliation, Material Planning, Concrete Cube Testing, PPE & Safety Enforcement, Site Supervision.

Software & Tools: Auto CAD, ETABS, Quantity Surveying, DGPS Machine, MS Office.

PROJECTS & INTERNSHIPS

- Major Project:** Durability performance of Concrete using Sugarcane Bagasse ash & Recron fibre.

- **Mini Project:** Analysis of G+5 Residential Building using STAAD Pro Software.
- **Internship:** ETABS & Quantity Surveying.

EDUCATION

B.Tech in Civil Engineering (65%) Vignan Institute of Technology & Science (JNTU Hyderabad)	2019 – 2023
Intermediate – M.P.C (69%) MJPTBCWR Junior College, Nagarjuna Sagar	2017 – 2019
